- ▲ Integral wiring
- ▲ Polycarbonate lens
- ▲ Rugged potted construction
- ▲ Foam sealing gasket available
- ▲ Reduced current draw
- ▲ Longer life - 100,000 hours
- ▲ Lifetime warranty

APPLICATION

The 13 Series LED marker lamps were developed by Dialight for heavy-duty applications where small size, high reliability and reduced maintenance are a major concern. These lamps were designed to conform to all of the FMVSS marker/clearance requirements for both existing and new vehicle designs.

The 13 Series marker lamps use Dialight's unique potted construction to provide a superior sealing against moisture. The use of integral wiring results in fewer interconnections between the lamp and the vehicle harness.

SPECIFICATIONS

Part Number	Description	Typical Power Ratings
13071A	13.5 Volt Amber	60 mAmps @ 13.5 Volts
13071R	13.5 Volt Red	55 mAmps @ 13.5 Volts
