Insulated Banana Jacks

- Metal body jacks are nickel plated brass.
- Jacks mount and are insulated from panel in 5/16" holes. Metal body jacks can be conductive-to-panel mounted in 1/4" holes. All are held with nut supplied.
- Available in red (-102) or black ('103) as standard, call for other colors.
- Wire wraps and solders around turret or through hole in interior contact. Wire can be soldered to lug supplied on metal body jacks.
- Rated at 15 Amps AC for 10C temperature rise, continuous duty. Voltage 1 KVAC.
