

NAC3MPA-1-WOT

Chassis connector, power-in, 3/16" flat tab terminals, blue, without insulation divider

The powerCON is a locking 3 conductor equipment AC connector with contacts for line, neutral and pre-mating ground contact. It replaces appliance couplers wherever a very rugged solution in combination with a locking device is needed in order to guarantee a safe power connection.

Attention: The powerCON is a connector without breaking capacity, i.e. the powerCON should not be connected or disconnected under load or live!

Features & Benefits

- Locking 20 A / 250 V ac appliance coupler
- 3 contacts for line, neutral and pre-mating safety ground
- Power-in (blue) and power-out (grey) versions with different keying to avoid the possibility of intermating
- Fast and easy twist lock latching system
- Extremely robust and reliable
- Ergonomic design
- User friendly latch design for easy handling
- UL, cUL recognized components
 - VDE certified
 - SEV approved
- Branded with unique hologram - guarantees genuine and authentic Neutrik product
