Standard Nylon Spacers

Tough and resilient, nylon spacers are useful for many applications. They are ideal for use in electrical and electronic assemblies. They also can be used as bushings, bearing, rollers, and glides. Molded from corrosion resistant Type 6/6 Nylon, all parts are available on short delivery from standard tooling. Samples for testing are available, but NOT ALL SIZES are in stock. Special sizes and lengths are available at a slight extra tooling charge.

Parts are stocked in Nylon 6/6 UL 94V2

Parts can be furnished in: Acetal, Resin Celanese Celcon , UL 94HB

Tolerances: O.D. +/- .015, I.D. +/- .005, Length +/- .015

All standard nylon Spacers can be tapped two thread sizes larger than the screw listed. For example: 13SP023 with a screw size of 2 can be tapped 440 thread.
